

Good afternoon, dear brothers and sisters. Thank you for your participation and help in moving my family to Germany. But, I don't want just to hide from the war and wait in a safe place, but I want to be useful for the Church of Christ and serve as many Ukrainians as possible who doesn't know Christ.

Today I live 50 km from Warsaw, in a refugee settlement. Together with me there are 45 women and children, all from different cities of Ukraine (Kramatorsk, Kharkiv, Kurakhovo, Zaporozhye).

Most of these people are Christians of the Church of Christ, our sisters in Christ. Today, only I have a car. Since we live in the suburbs, I constantly take women and children to Warsaw to apply for financial help, receive humanitarian aid, buy and bring food, diapers, baby food; I take people to doctors appointments, pharmacies and opticians. Every day I leave with different women and children at 9.00 a.m. and return not earlier than 19.00 p.m. I am very tired, but I am happy that I can serve and help these women and their children.

My family and I prayed and made the decision to stay in Poland. We submitted documents to the Polish embassy for Pesel registration. It gives us a possibility to stay in Europe for 18 months. The paperwork will take at least a month. In the near future, my family and many Christians from our settlement plan to invite newly arrived Ukrainians to fellowship in the Church of Christ, where we are going to Sunday Worship.

At the beginning, I didn't understand why God allowed me to leave Ukraine by the car (men from 18 to 60 years old cannot leave the country). But when I came to Poland and started to live in this settlement for refugees (which is just in the forest, 50 km from Warsaw), I saw that I can be useful for women and children (the age of children is 1 year and older, but there are many babies). They are here without husbands. Please pray that the Lord will continue to lead me further, and if He has a plan for my further ministry in Poland, then I ask you to continue to support me and my family in this.

I share with you photos of our service to people in Poland. We shop in Auchan for everything necessary for our life, as well as groceries. And children were especially happy - lunch from McDonald's. I drove people to the optician. We picked up glasses. We took women and children to Warsaw to do all the

paperwork. I took elderly women to the Ukrainian embassy to apply for foreign passports (since they left with their Ukrainian passports and they had never been abroad).

Every evening from 19.00 to 21.00 I conduct Bible studies.

Thank you very much for supporting me and my family. Thanks for your prayers!
